CleanPower LLC Acquires Sun Cleaning Group LLC
Combined Companies Maintain Private Ownership and Local Management

Milwaukee, WI - (October 19, 2007)

CleanPower LLC, the state's largest commercial cleaning contractor, has announced the acquisition of Sun Cleaning Group LLC, a leading provider of full-service commercial and janitorial services headquartered in Milwaukee.

Sun Cleaning Group LLC, providing services under the names of Sun Cleaning Systems and Rex Clean, has over 625 employees with 385 in the greater Milwaukee area. With this acquisition, CleanPower will have over 2,225 employees providing daily janitorial services at over 600 locations statewide.

The acquisition will open new markets for CleanPower LLC, including central Wisconsin. In addition, Sun Cleaning Group LLC has solid experience in specialty services, such as construction clean up, pressure washing, debris removal and demolition and special expertise in schools and manufacturing environments that will enhance the level of service the combined company can provide in the many communities they currently serve.

"This is an ideal acquisition for us," said Jeffrey Packee, President and COO of CleanPower LLC and Sun Cleaning Group LLC " We are two strong regional companies that together can maintain a competitive edge in the Wisconsin market. National and international companies have begun to venture into the state. We are locally-based and manage our services from our offices throughout the state."

"Our current strategy is to focus our resources in green cleaning, sustainability, new technologies and efficiencies and new specialty service offerings," continued Packee.

Steve Balistreri, owner of Sun Cleaning Group LLC becomes Executive Vice President of Sun Cleaning Group LLC and will help guide the transition and focus on strategic alliances and acquisitions. Sun Cleaning Group LLC is comprised of Sun Cleaning Systems operating in Metro Milwaukee, Racine and Kenosha and Rex Clean operating in Sheboygan, Manitowoc, Green Bay, the Fox Valley and Central Wisconsin. All companies will continue to operate under these names as affiliates of CleanPower LLC, part of Marsden Holding.

Version 10/17/07

The acquisition was brokered by Tullius partners, an investment banking firm located on Portland, OR.

About CleanPower LLC

Founded in Milwaukee in 1969, CleanPower LLC is a privately held company with over 1550 employees throughout the state. The leading cleaning contractor in the state of Wisconsin, CleanPower is a full-service contractor offering general office cleaning services in addition to specialty services such as carpet cleaning, floor refinishing, construction clean-up and 24-hr emergency services. CleanPower LLC also offers EmeraldSolutions, exclusive green janitorial and specialty services.

Clients include corporate headquarters, multi-tenant buildings, medical clinics and offices, financial institutions and industrial facilities. CleanPower has offices in Milwaukee, Madison, Racine, Sheboygan, Appleton and Green Bay and serves clients at over 600 locations statewide, cleaning over 34 million square feet of workspace for approximately 70,000 individuals.

CleanPower LLC is affiliated with Marsden Holding that provides contract-cleaning services in Minnesota, Iowa, Nebraska, Ohio, Washington, Oregon, California and Arizona. With the recent acquisition CleanPower's annual revenues will exceed \$34 million.
